Project Director, Development agency of Ghent, Belgium 2003 - 2017

With my team of 20 projectleaders, I operated the design and building of public projects and Public Private Partnerships for the city of Ghent. These projects concern public domain, housing, economic developments and neighborhood projects.

My tasks and responsibilities:

- * Management of the department of development
- * Set up of urban renewal projects and guidelines of good projectmanagement
- * Analysis and proposition of new projects
- * Negotiation of new acquisitions and sale
- * Set up of projectplanning and procurement and competitions
- * Selection and contracting architects, developers, contractors
- * Report to the Board
- * Member of the management board

**Deputy of the director, City of Ghent, Departement of urbanism
1997 - 2003**

Projectleader of the urban planning scheme RSG
Advisor of the city consul for the large scale development and housing (trainstation Gent Sint-Pieters, housing projects Silkose, Lange Velden, etc.)

**Spatial planner, University of Ghent, Departement of planning
